Education

Sam Global University, Bhopal

2022 - 2025

Bachelor of Computer Engineering

CGPA: 7.8

Work Experience

Katyayani Organics, Bhopal

React.js/Full Stack Intern - Retailer Sales Management Platform - Global Connect

July 2025 - October 2025

- Developed and enhanced a retailer-focused sales management web application for handling deals, customer profile, farm details, and shipping calculations.
- Implemented features like deal pipeline tracking, customer engagement module, farm information, dashboard, and shipping cost calculator.
- Designed and implemented RESTful APIs using Node.js & Express.js to manage sales, customers, products, and shipping calculations.
- Implemented shipping cost calculators and progress tracking logic with backend validations and optimized API responses.

Bluestock Fintech, Pune

June 2025 - July 2025

Software Development Engineer (Intern)

- Developed and optimized frontend modules using React.js, improving UI consistency with Material UI and Tailwind CSS.
- Integrated REST APIs for financial and stock market data, reducing API response latency by 20%.
- Optimized backend Express.js routes and minimized redundant API calls to improve performance.

Projects

MiniMart - Full Stack Web Application

- Developed a full-stack e-commerce style application using React.js, Node.js, Express.js, and MongoDB.
- Implemented product listing, cart management, and REST APIs for dynamic data handling.
- Designed responsive and user-friendly UI using React.js and modern CSS frameworks.

Full Stack Web Development Certification

- Sheryians Coding School, Bhopal
